COVER DESIGN—Gail Early

Our sails, our joys, full colored
Would take us through the years.

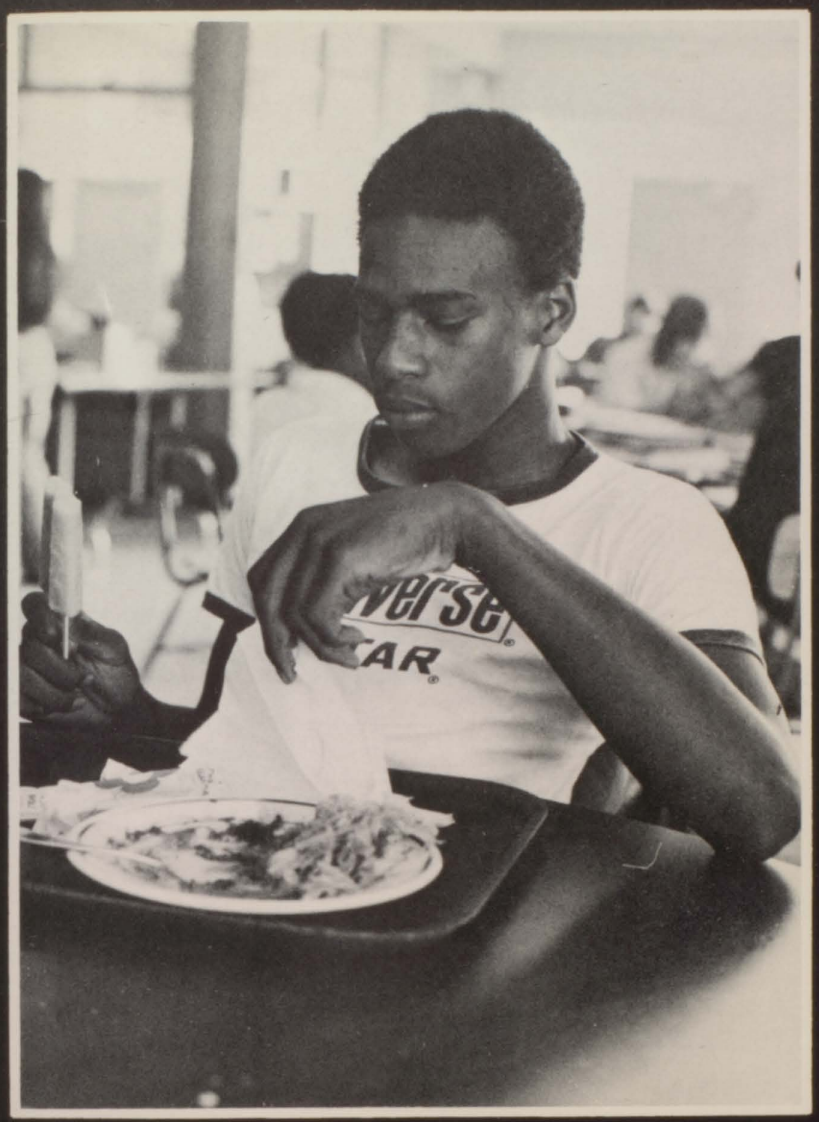

The sun came up behind us

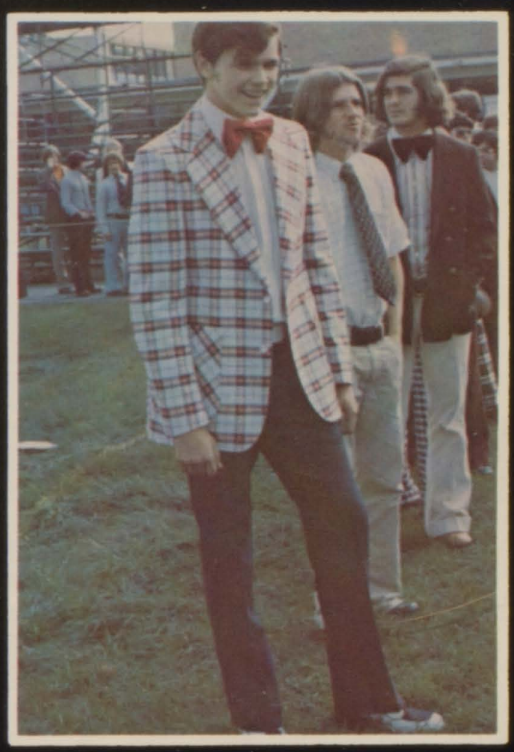

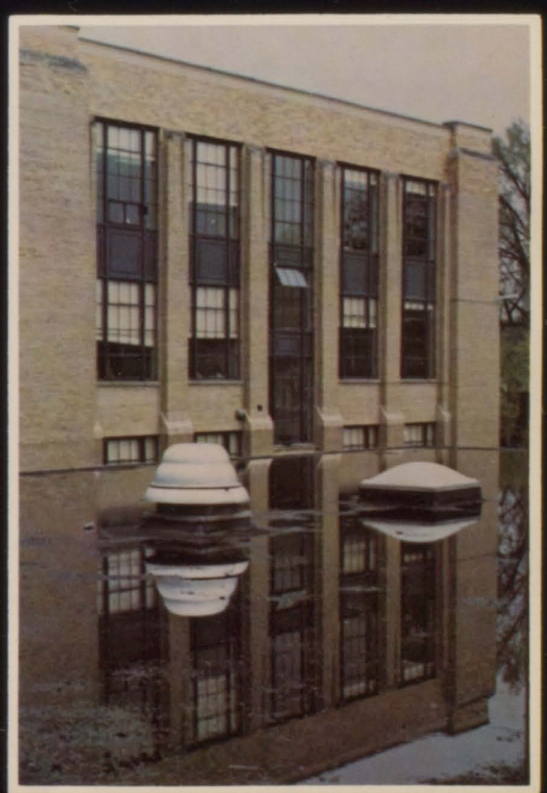

But then came down the rain.

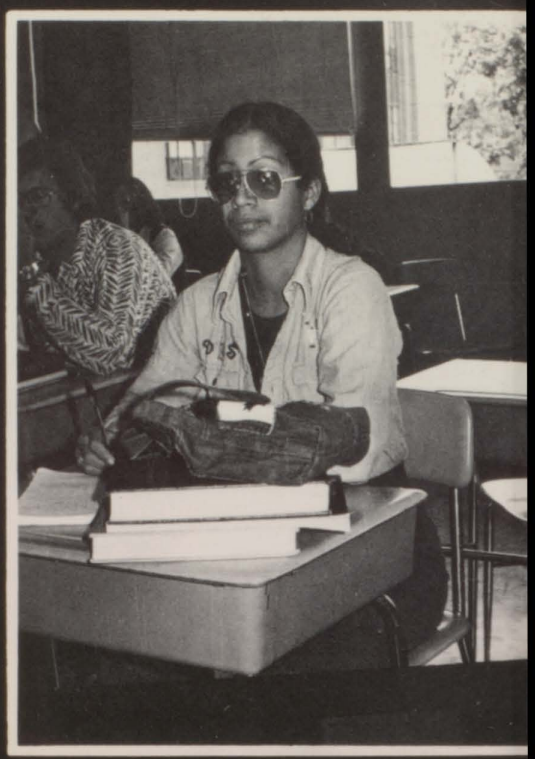

Our friendship occupied us

It helped to dull the pain.

Now steer your vessel homeward,
Our voyage found a friend.
The trials are behind us now.

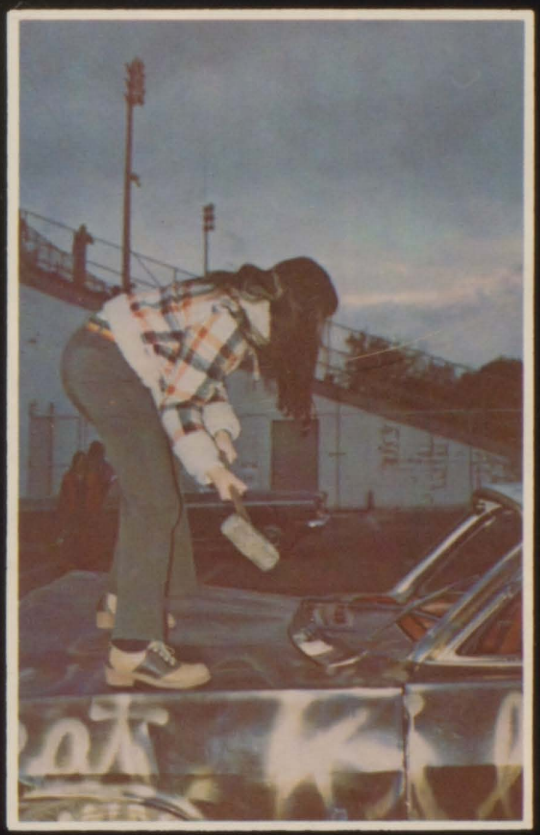

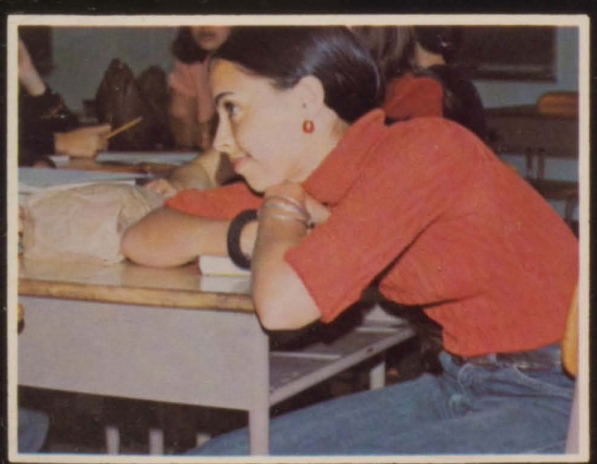

Our trip has found an end.

The faculty advisor is Mr. DeSantis who actively takes part in all their activities. This year's officers are: President: Maria Brasacchio, Vice President: Bonnie Hoehn, and Sec.-Treas.: Mary Lou Magnanti.

FALL WEEKEND

This year Fall Weekend started Thursday night, October 10, with the traditional bonfire. Several members of the football team were awarded very appropriate gag gifts. Doug Arthur was awarded a bra, and Bob Bessette received a pair of stilts.

After the bonfire was extinguished, by our local fire department, everyone gathered in the Boys' Gym for a dance, sponsored by the Black Student Union, which featured "Bad Dog".

Saturday afternoon, October 12, we played our rival U.F.A. We promptly defeated them again with a score of 26 to 0! During the halftime performances, the floats paraded around the track for the judges. The winning float was the "Spirit of '76," built by the patriotic Junior Class. Following that Sue Hedrington, escorted by Steve Wojdyla, was crowned Fall Weekend Queen. Her court members were: Leslie Bielic, Cindy Harris, Karen Hart, and Patty Rahrig.

The band and majorettes gave another good performance and set the mood for the weekend.

Saturday evening, couples gathered in the beautifully decorated gym. The Pep Club did a great job with the theme "Stairway to Heaven". Flame provided music, which added to a very enjoyable evening for many.

The Olympics were held the next day. A large crowd showed up for eating contests, (all those pies, crackers, and bananas!), tug-o-war, bongo board, and spooling!

Fall Weekend was a great success and a fine tradition to continue.

SENIOR PLAY IF A MAN ANSWERS

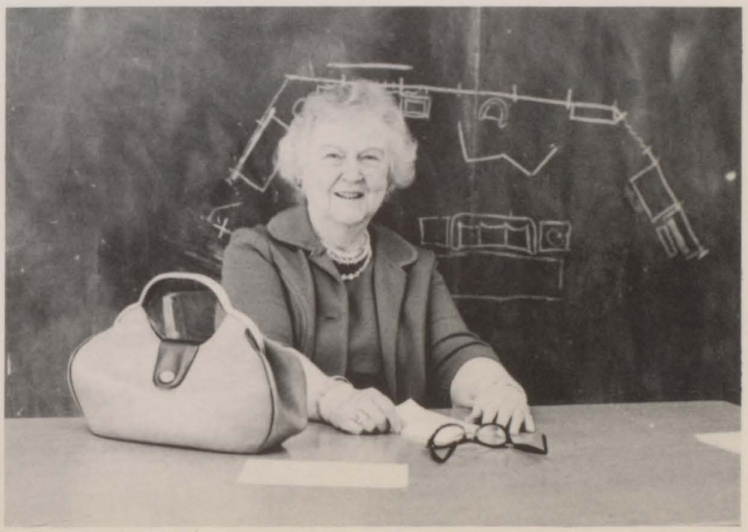

Stuart Lewan, JoAnn Tharrett, Dean MacLachlan, Karen Krenitsky, Tony Petrucci.

Mrs. Bates did it again! She instructed the seniors in an exciting new play which was put on in March of '75. The seniors worked hard this year on their theatrical production of "If A Man Answers."

"If A Man Answers" is about a young lady, Chantal, who is half French and half Bostonian. Her two different nationalities show up humorously throughout the play. Chantal moves to New York and marries a professional photographer, Gene, who has many models around. Chantal tries to keep her husband happy while her best friend, Tina, tries to take him away. She almost succeeds. Gene finds out how Chantal "trains" her husband and everything breaks loose. Of course, like all love stories, it has a happy ending.

The seniors of '75 are very proud of their talents, and have displayed them very well. They hope all classes after them do as well and have as much fun. But it will be difficult without Mrs. Bates. This was Mrs. Bates' last Senior Play and everyone will miss her talents next year.

A.F.S.

The American Field Service is made up of those students interested in the international exchange program. The club raises money to help send an R.F.A. student to a foreign country. In the summer of 1974, Debbie Welker went to Turkey, and Leon Jones was sent to Germany through the exchange program. This year we were lucky to have at our school, Debbie Smith, from Barbados.

EXCHANGE

This past summer, I lived in Jesteeten, Germany with a dentist, his wife, and family. I had two sisters, Charlotte—19, and Grete—22. My brother, Thomas, was 17. Two horses, a dog, and a cat made up the rest of the family. I attended school in Switzerland. I also went skiing, mountain climbing, horseback riding, and swimming. I travelled throughout Germany, Switzerland, Austria, and France in what was left of my time.

Leon Jones

I would like to thank all the people that made this experience a reality. The memory of my summer in Turkey will stay with me the rest of my life. It proved it is possible for people of different backgrounds and languages to become like sisters. To sum up my summer, I would like to share this poem:

Don't walk in front of me, I may not follow,
Don't walk behind me, I may not lead,
Just walk beside me as my friend.

AFS has allowed me to become friends with people all over the world. I only wish more people could become a part of the AFS family.

Deborah Welker

STUDENTS

Although Barbados is completely different from Rome in many ways, I am grateful to AFS for the change, the experience, the chance to meet new people, learn new things, and see and participate in many things that I could never have done if I was back home.

It has been a year of firsts for me: my first white Christmas, my first try at skiing and ice skating, my first time trick-or-treating, my first football game, and my first time away from home and in such a big family. This year has helped me to make up my mind about college and has given me a different perspective of America and Americans.

Thanks to all my friends at REA, and in Rome for making this year possible and helping me when I first arrived. I hope more people will get involved in AFS and gain from the experience.

Don't forget to come visit me when I return home to Barbados, Island in the Sun.

Deborah Smith

I had a great time in the United States as a Rotary Exchange Student from Japan.

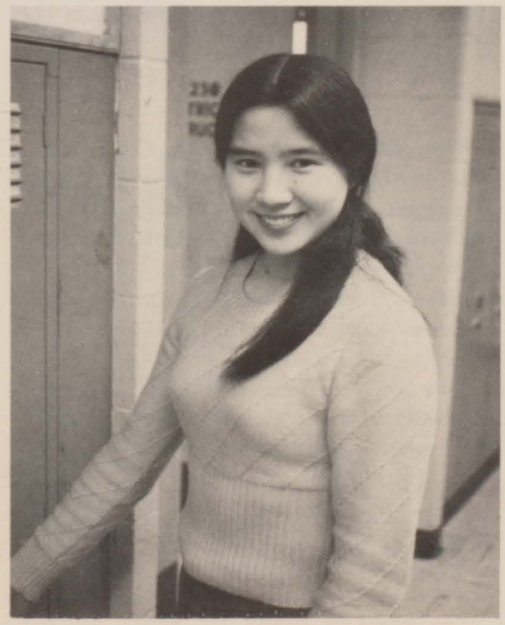

Everything is so different from my country, such as people, customs, food, and school. At first I had a hard time adjusting to the American way of life. Everyone was so kind to me, and helped my English.

It was so nice for me to learn so many things about this country and experience a completely different way of life. I really enjoyed everything at R.F.A.: seeing my first football game, playing on the varsity basketball team, using a computer, taking a school bus and talking with my friends. This year has given me the opportunity to learn more about myself while also learning about others. My year in Rome has been a great experience and one I will never forget. When I return home I hope to share many memories of my stay in Rome.

I want to thank all the students at R.F.A. who helped me and made this year a fantastic one for me.

THE NATIONAL BELLAMY AWARD

Patty Clifford

When I was a junior last May, Student Association elected me to go to the 33rd Annual National Bellamy Award Presentation held in Los Alamos, New Mexico. Los Alamos High School received the Bellamy Award which honors one high school every year in each state while paying tribute to Francis Bellamy, the author of the "Pledge of Allegiance". Rome Free Academy, Francis Bellamy's alma-mater, received the first Bellamy award in 1942.

As representative of RFA, Rome, and New York State, I left in October to spend a week in New Mexico. Everyone in Los Alamos was very cordial to me. I met students from all over the country. The cultural exchange made me realize that everyone is unique, but their ideals are basically the same.

In New Mexico, I visited Frijoles Canyon, Los Alamos Atomic Research Plant, and an Indian pueblo. In Santa Fe I toured the Palace of Governors and bartered for an Indian necklace. At a dance I learned dances from all parts of the country. During a rap session, we discussed America's ideals and utopianism.

At the Flag Presentation Ceremony I realized for the first time what the Bellamy Award was all about. I felt proud to represent RFA. My only wish is for others to share in the wonderful experiences I have had at the National Bellamy Award.

ROME FREE ACADEMY — THE FIRST BELLAMY AWARD WINNER — DECEMBER 1974

RADC Moves

by Anna Giannico

If you've been reading the Rome Daily Sentinel lately, you are sure to know what the latest talk of the town is: the phase-out of the Rome Air Development Center (RADC) from Griffiss Air Force Base. The Department of Defense has swung the budget axe and has eliminated 1,054 civilian slots and 226 military slots. Current RADC functions will be moved to Hanscomb AFB in Massachusetts and Wright-Patterson AFB, Ohio. About 100 people will remain in RADC.

With a $600 million deficit in Air Force research and development, the Department of Defense says the moves:

"...are part of the continuous defense effort to divert resources from support and overhead activities to combat capability and to realign defense activities in line with today's lower force levels. Once these actions are completed, it is estimated that Department of Defense support costs will be reduced by over $3 billion dollars in the subsequent decade."

The move set off an uproar in Central New York. According to County Executive William E. Bryant "the transfer of RADC will result in an economic calamity in the loss of some $100 million dollars annually in Central New York." With that much money at stake, area leaders immediately got together in hopes of rendering a counterblow aimed at retention of RADC.

A committee was composed of Rome/Utica community leaders, New York Congressional Delegation and other state officials. Using a formula established by the National Association of Industrial Development, the committee said the relocation will cause the loss of 1,435 jobs, a $27.5 million payroll and an additional 5,740 jobs which touch on every part of the local economy. These include tech. reps., food service employees, gas station attendants, construction workers and motel and hotel industries. It is estimated that 1,119 of the people being relocated own their own homes. With a flood of homes for sale, the real estate market will take a nosedive. Many people will be forced to sell their homes at a loss. Churches, civic and charitable organizations will have to carry on as before but with a loss of needed revenues and donations. Schools will lose some state aid due to a decrease in student enrollment. Businesses, already affected by our poor economic conditions, may go under. The city of Rome's population will drop to under fifty thousand, thus depriving it of federal and state aid programs.

The phase-out of RADC is like a snowball rolling down a hill; the longer it rolls, the bigger it gets. With the transfer of RADC personal and with others losing their job, the economy of this area will suffer. Gas station attendants will not have as many customers to pump gas for, so a few may lose their jobs. Stores will not be selling as much merchandise so some clerks may be laid off, and prices may go up to compensate for the sales decrease. A few teachers may lose their jobs due to a decrease in student enrollment. This is not to say that these **will** occur, but they **are** possibilities that cannot be overlooked.

The deactivation of RADC doesn't make sense economically. The Command Control and Communications Laboratory Center which the Air Force seeks to set up at Hanscomb Field, Mass. is essential to National Security. The Secretary of the Air Force, John M. McLucas, told Congressmen Mitchell and Stratton "obviously we have not done 100 per cent of the staff work we should have done."

The First Two Basketball Games

[The Shape of Things to Come?]

by Bill Perry

With two victories behind them at this writing, the R.F.A. Orangemen look to be as predicted. The team has to run to keep winning. When not running, the team just does not jell together. But when they do run they look almost like the world Champion Boston Celtics. The team has played Mt. Pleasant and Whitesboro so far this year and defeated them by almost idiential scores. These scores were 61-49 and 63-49, respectively.

In the Mt. Pleasant game the Orangemen's sophomore Joe Mortis lifted the team with 12 points during a third quarter 14-2 spurt. Joe Mortis ended up with 14 points but Ernie Coleman had a high of 20 points and also became the star of the game. According to Coach Evans, "Kevin Parker played an excellent defensive game against 6 foot 9 inch Mark Keenan." I feel that this was a total team effort. Other contributing scorers were Dave Dixon and Terry Pazdur with 10 points. In ending this report on the Mt. Pleasant game the combined effort of the full court press and great shooting of the team pulled out their first victory.

With Ernie Coleman leading all scorers with 24 points, the R.F.A. cagers defeated the Whitesbor Warriors 63-49. The team started off sluggishly with terrible ball handling. Only Ernie Coleman's 8 points kept Rome in the game during the first quarter. Led by co-captian Terry Pazdur, the Romans had a 17-7 second quarter spurt. The name of the game was defense as the Orangemen held the Warriors to 30 points in the final three quarters.

R.F.A. returns to action with opponents such as Notre Dame (their chief rivals in the C.O.L.) in January.

ECHO

The Rome Free Academy Newspaper, the Echo, struggled to survive again this year. The valiant efforts of Editor-in-Chief Anne Fontana, along with Assistant editors Leon Jones and John Gannon, kept the Echo in print even though the paper lost its financial backing. Advisors were Mr. Landau and Mrs. Scharf.

For the next two years the case was argued back and forth. New and conflicting reports were released almost every two months. However, the majority of doctors will agree on several facts:

1. Every time marijuana is used, thousands of brain cells are destroyed and cannot be replaced.
2. Hallucinations caused by marijuana are potentially dangerous.
3. Marijuana may or may not be addictive, depending on the individual using it.

Editorial Staff

The Editorial Staff, advised by Mr. Campola, met every eighth period to work on the yearbook. The artwork, photographs, and written work were accomplished by various members of the staff. These elements were then combined to form the layouts seen on the pages of this book. The product of their efforts can be seen between the covers of the 1975 De-O-Wain-Sta.

Like a walk
into the sunset,
Like leaves dropping in the fall,
Like the rain that forms in puddles,
Like the bird that we heard call.

Like a foggy misty morning,
Like the grass covered with frost,
Like the snow all virgin white,
Like a feather, tempest tossed;

It's natural.

When you want everything to be right

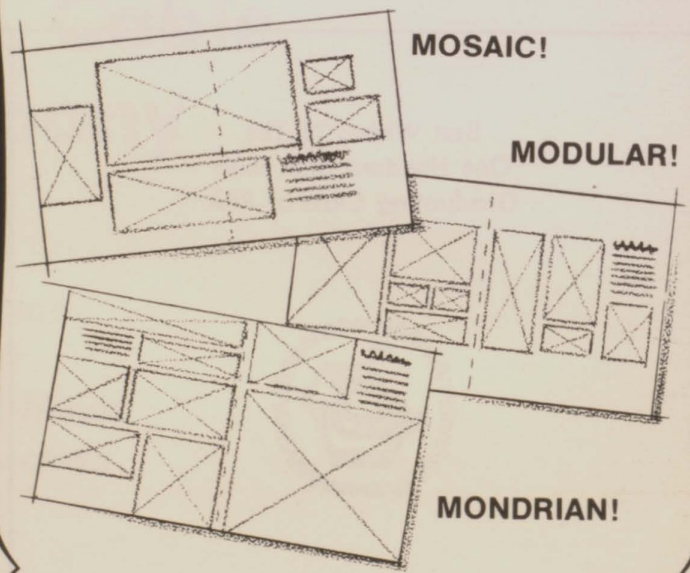

Tom Wilkins, Region II, presenting THE Outstanding Service Award to John Osgood

John Osgood has been serving schools and colleges in the area for 13 years and is dedicated to helping schools build better yearbooks. He has conducted or participated in seminars at the State University at Morrisville, Utica College, St. John Fisher College and each fall puts together, along with Charlie McCann and his company, the largest yearbook workshop in the area at Drumlins Country Club, Syracuse. 270 attended his workshop last fall, and now workshops are conducted in Buffalo, Rochester, Syracuse and Watertown because of the popularity of Inter-Collegiate Press workshops.

Mr. Osgood has received the top award for Outstanding Service for four years in a row at the Inter-National Marketing Conference, Plaza Inn in Kansas City—for Region 2, which covers the eastern 1/3 of the nation.

He is truly dedicated to helping schools and is on call every day, nights and weekends willing to help in any way he can to make the job of building a yearbook easier for Editors and yearbook staffs. He travels some 40,000 miles a year servicing his schools and colleges and thoroughly enjoys his work as he feels he gets the opportunity to work with school people and yearbook staffs that make up the "greatest people in the world".

System 32 has something .....
something for YOU and your next yearbook.

The newest in Creative Layout Techniques are yours just by contacting your closest Inter-Collegiate Press Yearbook Man.

Our Motto

It has been our desire to establish these places as retreats where you may find relief from the every-day cares of life. We don't want you to look upon them as restaurants, cafes, or caberets, but as havens where you will be assured of relaxation, and a pleasant hour or two safe in the port of sincere hospitality.
